Profile

Motivated and detail-oriented Data Engineer. Skilled in building reliable data pipelines, integrating multiple data sources, and ensuring high data quality. Seeking to contribute to a data-driven company using strong technical skills in ETL, SQL, Python, and data modeling to transform raw data into actionable insights.

Internship

Intensive Training Program – Data Engineering – ITI

Jul 2025 – Present

Comprehensive program focused on modern data engineering concepts, tools, and best practices.

Gained practical experience in Python, database fundamentals, SQL Server, data warehousing, ETL, Linux and shell scripting, Docker, NoSQL (MongoDB), Power BI, big data tools such as Hadoop, Hive, Spark, and Kafka and cloud technologies using AWS.

Projects

Data Engineering Projects

- **US & States Energy & Economic Performance** — [GitHub](#)
Built an end-to-end ETL pipeline using Python and Snowflake to integrate and analyze U.S. energy consumption and economic data, with a Power BI dashboard visualizing key insights and trends.
- **Air Pollution Project** — [GitHub](#)
Processed and analyzed multi-source air-quality data using Python, ensuring consistency, with an interactive Power BI dashboard to visualize pollution patterns.

Data Analysis Projects

- **Dashboards Projects**
 - [Accidents by Cars Dashboard](#)
 - [Orders Dashboard](#)
- **Homicides by Country** — [GitHub](#)
Analyzed global homicide dataset and visualized insights using Python.

Hotel Reservation Database (SQL Server) — [GitHub](#)

Designed and managed SQL Server database for hotel booking and customer management.

Technical Skills

Data Engineering & Databases:

ETL (Pentaho), Data Warehousing (Snowflake), SQL (MySQL, PostgreSQL, MSSQL), NoSQL (MongoDB)

Programming & Tools:

Python (Pandas, NumPy, Matplotlib), Docker, Linux/Shell scripting, Web Scraping (BeautifulSoup, Selenium), Airflow

Analytics & Reporting:

Power BI, Excel

Data Modeling & Cloud :

Data Modeling (Star, Snowflake and Galaxy Schema), AWS

Education

B.Sc. in Mechatronics Engineering — Mansoura University | GPA: 3.6/4.0

Sep 2017 – Jun 2022

Certifications

- IBM Data Science Professional Certificate – Coursera [Link](#)
 - SQL (Basic and Intermediate) – HackerRank [Link](#) [Link](#)
-

Courses

- Data Warehouse - The Ultimate Guide – Udemy [Link](#)
 - Embedded Systems Diploma – Eng. Mohamed AbdelBaset **Jan 2023 – Aug 2023**
-

Experience

Maintenance Engineer — Comex Commercial Company

Jan 2024 – Aug 2024

Trainee — HA Consulting Group

Jul 2022 – Sep 2022

Soft Skills

Teamwork • Communication • Problem Solving • Time Management • Critical Thinking • Continuous Learning

Languages : Arabic (Native) | English (Professional)
