Contact nom/ 010164974463.

Professional Summary

Computer Science and Artificial Intelligence graduate (2024) with a strong foundation in backend development, database management, and computer networking.

Studied CCNA (Cisco Certified Network Associate) with solid understanding of networking concepts, routing, switching, and troubleshooting. Experienced in working within structured and high-responsibility environments through military service, where I was responsible for IT systems, network connectivity, and device management. A disciplined team player with strong problem-solving, leadership, and time-management skills.
